

The 1<sup>st</sup> ASIAN Digital Smile Design - DSD Hands-On training was held at Goa, India from September 4 – 6, 2012 by Global Protect Dental Private Limited. A large group of Indian & Bangladesh Dentists were trained by the world master of DSD - DIGITAL SMILE DESIGN Dr. Christian Coachman (Sao Paulo, Brasil ) & by an eminent Indian Dentist Dr. Rajiv Verma from (Thane, Mumbai). Till now the dentists across India have been doing conventional smile designing, all this is set to change forever with DSD – DIGITAL SMILE DESIGNING, wherein patients can actually visualize their new smile in their own mouth even before actually starting the treatment. A revolutionary concept, what you see is what you get ! You no longer have to spend a lot of money to actually see how you would look after digital smile designing. Every Indian can now look for an iconic smile be it a bride , a groom, an housewife, a front desk office personnel, an air hostess, models, film stars, TV personalities, people from hospitality industry, almost everybody.
